TSUBAKI GRIPPER CHAIN
For form, fill, and vacuum seal wrapping applications

Lower maintenance costs
Increased uptime
Increased productivity
A formidable new force has taken hold of wrapping operations.

Get a Grip on Truly Profitable Performance
Discover the difference Tsubaki’s high-quality base chain makes in your bottom line.

• Lower maintenance costs
• Increased uptime
• Increased productivity

All-Inclusive Sprocket Package
Precision-machined, specially surface coated sprockets with cam (assembled) for M Type gripper chain applications are available as design stock.

*Stainless steel chains are ideal on conveyors that are regularly washed down.
M Type: Enhanced Operation
Tsubaki gripper attachments feature reliable clamping mechanisms to ensure precise positioning. High-performance springs are designed to last more than 10 million cycles, even at high speeds. Our M Type attachment’s side-swivel design allows optimal material feed-through to ensure your lines run smoother.

High-quality S Type, L Type, and BU Type attachments, which open straight up and down, are also available.

Exclusive! Quickly Cut to Length (*S, L, and BU Types only)
Tsubaki is the only manufacturer to offer Gripper Chain with recessed riveted pins for easy chain length adjustment. Keep production rolling with less downtime.

Industry-leading Spring Design for Outstanding Grip Performance
Made possible by using the best combination of grip force, toughness, and accuracy.
